### DET2

TTN Gift Tag Pack of 10 Assorted Gift Tags

These cards have been handmade by a Craft and Sewing Circle from the village of Railaco Kraic in Timor Leste. This Craft Circle is established and managed by CER—Comunidade Edmund Rice (a ministry of the Christian Brothers in Timor Leste) and the Terrace Timor Network. Their goals are to teach the women new skills that will enable them to trade their handicrafts for a fair and just return.

These cards feature Tais weaving as part of their design which is the indigenous weaving of Timor Leste. It has been uniquely combined with other contemporary design elements to create an original range of Christmas Cards suitable for all occasions.

By purchasing these handmade cards you are supporting these women in a very practical way as they strive to lead their way out of poverty and into a life of personal and financial independence.
